SKILLS

- Teamwork
- Time Management
- Effective Communication
- Critical Thinking

PROGRAMMING LANGUAGES

- C++ (Proficient)
- Python (Intermediate)
- MySQL (Intermediate)

PROFILE

I am an adaptable person with strong computer skills and with passion in learning new things. I'm also known for being a quick learner and a good communicator. I work well individually as well as in teams.

WORK EXPERIENCE

Hackathon/ Competitions

- Won 1st Place in 2026 WFEO World Engineering Day Global Hackathon 2026. We designed a Smart Street Lighting System, an engineering solution aligning with UN Sustainable Development Goals, competing against international university teams. The competition featured 270 teams from around the world, all working on innovative engineering solutions for global challenges.
- Won 3rd Place in NGN110 competition - an engineering competition within university where all engineering students compete. The competition featured 130 teams, and around 600 students. We developed an Arduino based car, which moves based on sensors and code.
- Currently working on creating a telecom integrated app for children with autism, to help them communicate better. This will be our submission for NokiaX - Catalocity Hackathon.

Current

- Participating in a research project regarding ARIA glasses with a team under the guidance of a professor in Cyber Security
- Activities Coordinator of IEESCS and Sports Coordinator for Sri Lankan Cultural Club

High School

Worked as a part of student council for 2 years. Participated in various events as a part of the event organizing teams such as student council ceremony, sports day and other small events.

Created a project - "Library Management System" using both Python and MYSQL. It proved to be efficient in tracking the books borrowed by students. It also maintained students' details in the library database model. It also helped the user in tracking the availability of books.

EDUCATION

Junior 1 - Computer Science

Spring 2026

College of Engineering | American University sharjah
