

WALID AL AZZEH

Dubai, United Arab Emirates • +971 50 442 1861 • b00099188@aus.edu

PROFILE

Motivated and adaptable technology professional with a strong interest in software development, data analysis, and digital innovation. Experienced in developing practical technical solutions, collaborating within multidisciplinary teams, and managing projects from concept through implementation. Analytical, detail-oriented, and quick to learn new technologies.

EXPERIENCE

Junior Software Developer

Nexa Digital Solutions — Dubai, UAE | Jun 2025 – Aug 2026

- Developed and maintained internal web applications using Python, JavaScript, and SQL.
- Implemented application features with senior developers and participated in code reviews.
- Optimized database queries, reducing average report-generation time by approximately 30%.
- Assisted with debugging, testing, deployment, and technical documentation.
- Participated in Agile sprint planning and weekly development meetings.

IT Support Intern

Gulf Technology Group — Dubai, UAE | Jun 2024 – Aug 2024

- Provided technical support for hardware, software, and network-related issues.
- Configured workstations, deployed software, and maintained troubleshooting documentation.
- Helped monitor internal IT infrastructure and resolve recurring technical problems.

EDUCATION

Bachelor of Science in Computer Science

American University of Sharjah (AUS) — Sharjah, UAE | 2022 – 2026

Relevant coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Artificial Intelligence, Computer Networks, Web Application Development, Operating Systems.

SELECTED PROJECTS

Personal Finance Dashboard

Python · SQL · JavaScript — Built a dashboard for transaction categorization, spending analysis, and financial reporting.

University Course Planner

React · Node.js · PostgreSQL — Created a course-planning application for degree tracking and semester scheduling.

Machine Learning Image Classifier

Python · TensorFlow — Built and evaluated an image-classification model including preprocessing and model training.

SKILLS

Programming	Python, Java, JavaScript, C++, SQL	Web	HTML, CSS, React, Node.js
Databases	PostgreSQL, MySQL, MongoDB	Tools	Git, GitHub, Docker, Linux
Data	Pandas, NumPy, Matplotlib	Other	REST APIs, OOP, Agile/Scrum

CERTIFICATIONS & LANGUAGES

Certifications: AWS Certified Cloud Practitioner · Google Data Analytics Professional Certificate · Git & GitHub Professional Certificate

Languages: Arabic (Native) · English (Fluent) · French (Basic)

ADDITIONAL

Strong analytical and problem-solving abilities · Effective written and verbal communication · Comfortable working independently or collaboratively · Interested in software engineering, AI, and emerging technologies
